OFFICE OF

The Director of Agriculture in Mysore,
Bangalore.

No. Fa.197-1259/42-43

Encls.

Date 3rd May 1943.

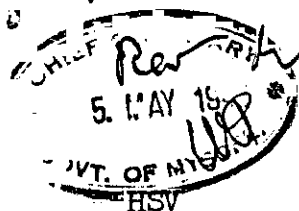

The Chief Secretary to Government

of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to state that the road through the Hebbal Farm leading to the tank has been allowed to be used by the Military (No.6 M.T.T.C.) for training purposes. This road has been laid out for light traffic of the Farm. As the road has since been used for plying heavy military lorries, the gravel has been pulverised into dust and the road is also cut out at many places. Whenever the Military lorries ply in this road, they are leaving clouds of dust behind them which penetrates to the interior of the school room and other buildings bordering the road and also damage Farm produce such as jaggery, etc. After the recent rains, the entire road has become slushy. As the Military authorities have been allowed free access to the Farm road, I request that they may be kindly addressed to have the road suitably metalled to make it usable at all seasons and avoid dust. The cost of metalling the road may also be kindly arranged to be met by the Military authorities as an ordinary gravel road is sufficient for farm purposes.

I have the honour to be,
Sir,
Your most obedient servant,
Vejnavaiah
Director of Agriculture.
